Eppix Production load failures for VB	DONE	December 6, 2023 9:18 AM	P1	Yusuf / @JuliannSchubel (Unlicensed)	Yusuf	December 6, 2023 12:43 AM	Eppix Production load failures for VB : Our first load had errors with duplicate dealsheet no. from our side on the release codes table. We rectified the issue and reloaded, however on the second load also errored with duplicate records. We suspect that the first load updated some tables and the second load populated the release codes table and now failing with	VB Deals for Cycle Dec 2023 / Jan 2024 Eppix System		 R... VB.eml 06 Dec 20... 1 ... VB.eml 06 Dec 20...

							duplicate records in the other tables. Eppix will look up and then remove the duplicate accessories from their DB. This has been confirmed by Paul and Yusuf			
CSS Deal Load December 2023 CBU	DONE		P1	Yusuf / @JuliaNSchubel (Unlicensed)	@Ryan	December 5, 2023 7:07 PM	Please see the below report for the Siebel load - We loaded 123110 deals out of 135500 . @Esmari Tolmay, Vodacom / @Alicia Hunter, Vodacom / @Doogie Mcleod, Vodacom - The erros below are : Deals failed to load due to “The number of devices that are present in header should be match with number of	CBU Deals for Cycle Dec 2023 / Jan 2024 Siebel		 RE_ CSS Deal 06 Dec 2023, R... e 1.eml 06 Dec 20...

							handset in the components.", please correct and reload/re-send for loading. 60x Deals failed to load due to "Validate if a product is present in Siebel OPH.X_CX_CSS_GROUP_ID: 101016634 Product_Name: SANDISK ULTRA LX USB 3.1 128GB", please correct and reload/re-send for loading. How will we proceed with the outstanding deals ?			
Eppix Production Tariff deletion	DONE		P1		@Rayan	December 6, 2023 11:33 AM	@Kelebogile Mekgobo, Vodacom has indicated that there is one more issue that she has picked up that affects 987 deals, there is a tariff that was added that			

							needs to be removed. @William de Almeida, Vodacom (External) / @Thapelo Randa, Vodacom would you be able to ring fence these deals if she provides you the deal sheet numbers and remove those tariffs (RN1 & RN2) ? This will help her and her team from manually deleting those tariffs.			
Eppix Production - No Dealer Qualification	WIP		P1	@JuliannSchubel (Unlicensed) / @Arnulf	Alicia	Jan 19, 2024	 This is the problem on PRD there is a table src_epx_channel_copy_20231207 which has the following			

				Hanauer / @Shaun Schoeman			 [10:10, 19/01/2024] Julian Schübel: So it means that the incorrect (old) information was used [10:10, 19/01/2024] Julian Schübel: This means all the loads yesterday are invalid [10:10, 19/01/2024] Julian Schübel: That being said, they have no channels to market so cannot be used for trade [10:11, 19/01/2024] Julian Schübel: the impact will be on reporting - trading ect
